Dear Partnering Shelter,

It is with great excitement that we announce the launch of Songs of Shelter to be implemented into activities for the homeless in the greater Chicago area. Our recently founded organization has a long-term commitment and vision to offer a holistic-shelter experience of body, mind, and spirit. We hope to impact and change the ambience of shelters to one of lasting peace and encouragement by featuring live music that will minister to the souls of the homeless after their physical hunger for food and rest has been fulfilled. We are very eager to offer our abilities to entertain those who do not normally receive such opportunities with dignity and to treat them to an evening of music.

Our goals are to begin a base ministry here in Chicago and have S.O.S. partner with hundreds of other shelters in other cities over the next five years. The only current impediment to instituting this program is funding. We respectfully request your partnership in obtaining the initial funding for staff training, logistical materials, and support services necessary to make this project successful. Any amount of monetary donation you can offer will enable us to provide many evenings of music to hundreds of people across the city. We hope that you will seriously consider joining us in our endeavor to initiate this innovative approach to volunteering and serving the less fortunate.

Please do not hesitate to contact us with questions. We look forward to working with you on this dynamic project.

Sincerely,

Mark Yoon
